Classes of 2020 & 2021 Student Services Support

Welcome back, everyone! While this certainly is not the start any of us thought we would have, we are excited to be back and are looking forward to this year!

During this period of remote learning, communication is going to be vital to success. Your Student Services Support Team is here to continue to help and support you academically and personally throughout this time. Please reach out.

Email*Virtual Meetings*Phone

There are many ways to connect with your school counselor, dean or social worker. Please use the option that works best for you. We will do our best to respond to all attempts to contact us within 24 hours.

Grades, Attendance, etc.

This year remote learning looks much different from what you experienced last spring. Teachers are working hard to provide best practice remote learning strategies and instruction for students. Be aware: **Unlike in the spring, your work will be graded.** Please make sure you are organizing your time at home. Balancing academics, extra-curriculars, work, and home is key to success. Remember there is extra help available. Both Math and English interventionists will provide support during students resource and independent work times. Also new, **attendance** will be taken in every class. Please make sure you are following your teacher's daily instructions in order to be marked present. If you have attendance questions, please call the dean's office: 815-467-2140 ext. 5065 We. Can. Do. This. MCHS-YOU!
